

TIMOTEC

Cleanroom Solutions, Automation & Isolator Technology

Together we create individual solutions.

Together we create individual solutions.

We are a provider of customized solutions in isolator technologies, laminar flow systems, automation, robotics, cleanrooms, and specialized equipment – especially for the pharmaceutical industry, science and research, optoelectronics, semiconductor industry, and healthcare. We have been operating in the market since 1999.

Thanks to the combination of expertise and technological capabilities within the companies of the TIMOTEC Group, we offer comprehensive, tailor-made solutions for our customers – including fast and reliable service. With our strong know-how, in-house development and production, and a broad portfolio of services, we deliver individual solutions tailored to our clients' specific needs.

We are committed to providing a personalized approach and tailor-made solutions for every customer.

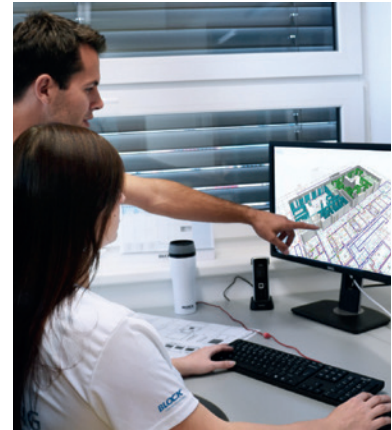

Cleanrooms

Cleanroom Systems and Components

Standalone Equipment and Auxiliary Devices for Cleanrooms

Tailor-made Cleanroom Solutions

Isolator Technology & RABS

Custom Production of Isolator Technology & RABS

Accessories for Isolators

Process Automation & Robotics

Flexible and ergonomically optimized **system solutions for manufacturing, assembly, and storage**, specifically designed for the optical and precision engineering industries.

Stainless Steel Furniture & Workplace Solutions

Stainless Steel Furniture

Workplace Solutions

Laminar Flow Solutions for Clean Rooms

Laminar Flow Workstations

Weighing Booth with Laminar Airflow

Laminar Flow Cabinets

Laminar Flow Material Trolley - Optoelectronic

Laminar Flow Material Trolley - Pharmaceutical

H₂O₂ Decontamination

**VHP Decontamination
Lock**

**Hydrogen Peroxide
Vapour Generator**

VHP Pass Box

**Microelectronics, Photonics,
Mechatronics Industry**

Life Science & MedTech

Healthcare

United by One Goal – Your Perfect Solution

- Extensive industry know-how.
- Highly qualified experts offering a personalized approach to each customer.
- Over 25 years of experience (since 1999).
- In-house R&D, Design and Manufacturing.
- Certified by independent organizations.

TIMOTEC

TIMOTEC processes with TÜV SÜD Certification:

ISO 9001:2016

ISO 14001:2016

ISO 45001:2018 (OHS)
