Washing Facilities

COMBINED SINKS 215.04/B

Stainless steel combined sinks for healthcare and laboratories. Made of AISI 304/316, with a choice between wall-mounted and deck-mounted faucets.

SURFACE FINISHES:

AISI
304

AISI
316

SURGICAL SCRUB SINKS 215.05

AISI 304 washing trough designed for cleanrooms, primarily for pre-operative areas. Equipped with sensor-operated faucets and service doors. Mounted on a base profile and anchored to the partition.

SURFACE FINISHES:

AISI
304

AISI
316

Washing Facilities

WASHTABLES ON METAL BASE 215.09

Robust stainless steel wash tables on a metal base. Made of AISI 304/316, with a choice of the number and placement of sinks. Characterized by long durability and easy maintenance.

SURFACE FINISHES:

AISI
304

AISI
316

Personnel Airlocks

HIGH CABINETS 216.01

Cabinets for storing garments, footwear, and cleaning supplies in personnel airlocks. Option for exhaust ventilation and cover panels.

SURFACE FINISHES:

AISI
304

STEP-OVER BENCHES 216.20

Step-over bench made of AISI 304 stainless steel, suitable for cleanrooms. Used for footwear storage. It creates a demarcation line of cleanliness in the airlock area.

SURFACE FINISHES:

AISI
304

Personnel Airlocks

DEEP BENCHES 216.20

Deep bench made of AISI 304 stainless steel, suitable for cleanrooms. Equipped with removable shelves for footwear and a plinth.

SURFACE FINISHES:

BENCHES 216.21

Benches for personnel airlocks. Available in various dimensions and designs.

SURFACE FINISHES:

Personnel Airlocks

HANGERS 216.30

Stainless steel wall hangers for personnel access points. Available with 3, 6, 9 or 12 hooks.

SURFACE FINISHES:

AISI
304

BENCHES 216.21

Benches for personnel airlocks. Available in various dimensions and designs.

SURFACE FINISHES:

AISI
304

PLINTH FINISHING WITH 50 MM BASE PROFILE 216.40

Plinth finishing for cabinets in personnel and material airlocks. An aesthetic and practical solution.

SURFACE FINISHES:

AISI
304

Storage Solutions

SHELVING 215.06

Stainless steel shelving for GMP and cleanroom environments. Made of AISI 304/316, with smooth or perforated shelves with a load capacity of up to 90 kg. The shelves are conductively connected and are supplied with adjustable feet. Option for anchoring or stabilization with a cross-brace.

SURFACE FINISHES:

AISI
304

AISI
